Front-End Developer | Next.js Specialist

Based in Atlanta, Georgia

Passionate and detail-oriented front-end web developer with expertise in **Next.js**, **React.js**, and modern web technologies. Experienced in building scalable, high-performance, and user-friendly web applications. Strong problem-solving skills and a keen eye for UI/UX design.

Technical Skills

- **Front-End:** Next.js, React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS

- **State Management:** Context API

- **Performance Optimization:** Lazy Loading, Code Splitting, Server-side Rendering (SSR), Static Site Generation (SSG)

- **Version Control & Deployment:** Git, GitHub, Vercel

- **API & Backend Integration:** RESTful APIs, Firebase, Convex

---

Professional Experience

1.) **Front-End Developer**
    Aptech Computer Education

Developed and maintained dynamic, responsive web applications using Next.js and React.js.

- Optimized website performance with SSR and SSG.

- Collaborated with UI/UX designers to translate wireframes into high-quality code.

- Implemented authentication systems using Firebase and Convex

2.) Front-End Developer

Advanced Security Services Atlanta, GA

- Developed and maintained security-focused web applications with Next.js and React.js.

- Designed and implemented real-time monitoring dashboards for security operations.

- Enhanced system performance and security through optimized front-end architectures.

- Provided ongoing maintenance and feature updates for company web portals.

Projects

Home Interior Decoration Website – *Next.js, Tailwind CSS, Firebase*
Developed a visually appealing and responsive website for home interior decoration services. Designed and implemented user-friendly UI components to enhance engagement. Optimized performance using Next.js static site generation, resulting in improved load times.

E-Learning Website – *React.js, Styled Components*
Built an interactive e-learning platform that provides a seamless user experience. Integrated dynamic course content and user authentication. Styled components were utilized for scalable and maintainable UI design.

Bank Frontend Landing Page – *Next.js, Tailwind CSS, Firebase*
Designed and developed a modern, high-performance landing page for a financial institution. Implemented a responsive design and smooth animations to improve user interaction. Enhanced accessibility and SEO optimization for broader reach.
